Corporate News:

We are still evaluating offering a second format of eBook the use of an ePub format. The problem is that there are a number of ePub formats, and not one offers us the quality that we are happy with, We have taken the decision to still investigate further, but it will not be a priority.

Spring Ritual:

The Hope of Spring

God, thank you for Spring and the hope of warmer, longer, brighter days.

Thank you for the coming of growth and life and birth.

Thank you that things are coming awake in the world.

This is what our calendar says, and we do see some signs that it is real.

But we also still struggle with the residual layover of winter.

Now we ask that you bring into reality all that belongs in this season. Your word says that we will have provision, and hope, and joy, and health and loving relationships here and now in this life.

We ask that what belongs in this season would become actual in our practical lives.

We hope in you and in your promises. We hope in your gift of Spring.
